PROFILE

I believe in teamwork. I value the input of team members and put my full efforts into the success of the team. Team acts as a driving force for me to work to my full potential. I am a keen social worker. I am a member of many social organisations. I feel very pleased when I see someone or something being improvised because of me. I have mastered Python programming. I know the basics of web development (front end and back end). I love to code. I can code 24/7, continuously, until I reach the optimum result. My ultimate goal is to provide a fruitful and productive service to society and the nation.

The National Service Scheme is a voluntary community service programme in India that aims to foster social responsibility and develop the personalities of students through active participation in community service activities. NSS promotes a sense of social responsibility among students by engaging them in various community development activities. It helps us understand the needs and challenges faced by different sections of society, fostering empathy and a desire to contribute to the welfare of others. NSS offers us opportunities to develop and enhance a wide range of skills, including leadership, communication, teamwork, problem-solving, and organisational skills.
